ACS SAFETY & SECURITY — TPR SUPPORT

Report BR-019 — Resolved

Hi Emma,

Good news — the issue you reported has now been fixed.

YOUR REPORT (BR-019)

"This relates to previous TPR Bug BR-014. This has been partly resolved. If you click on the worker 'tile' view it shows transport method correctly as not provided. If you edit the worker record it still shows 'Diesel car' when no entry was made in the field. If you do a refresh on this page it briefly says 'not specified' but then reverts to 'diesel car' See screenshots attached."

WHAT WE DID

Just fixed and deployed, let me know how the Bug feature works? xx

Can you confirm the issue is sorted?

✓ Yes, this is fixed
✗ No, still broken

If you're still seeing the problem, please refresh the page (or sign out and back in to
